KNOW YOUR PRODUCT

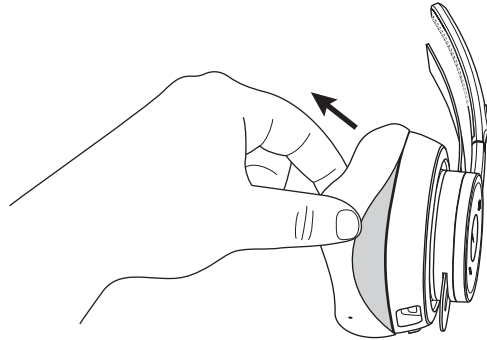

WHAT'S IN THE BOX

1. 1 pair (2 pcs) of replaceable earpad covers
2. 1 pair (2 pcs) of foam cushions
3. 1 pair (2 pcs) of adhesive tapes

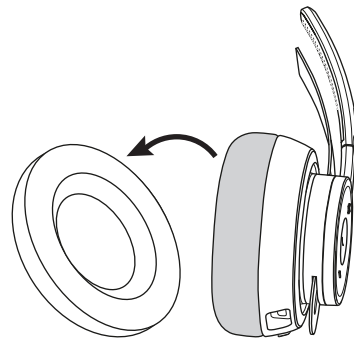

REPLACING EARPAD COVERS

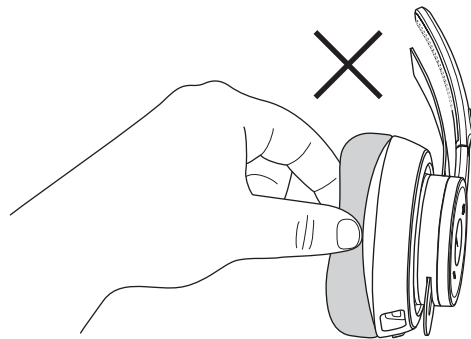

1. Take the existing earpad cover off by carefully pinching the cover.

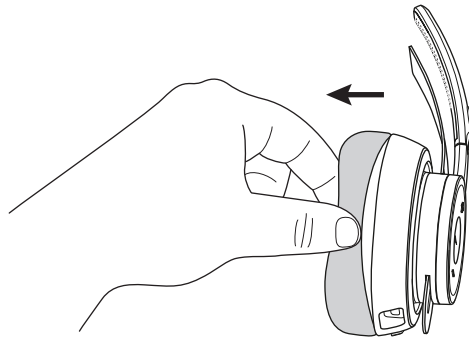

2. Remove the earpad cover slowly until it is completely off.

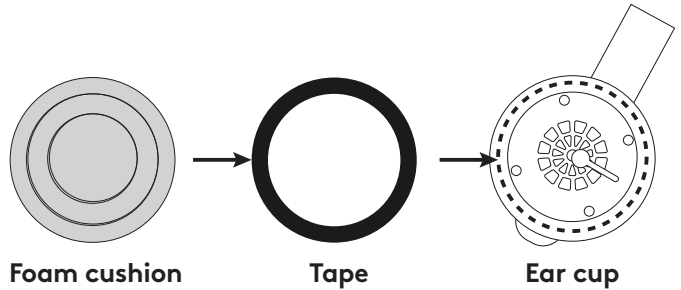

Make sure not to pinch the foam cushion which can be damaged easily.

3. If foam cushion is damaged, please follow the steps below.
- Peel the foam cushion off and replace with a new one.

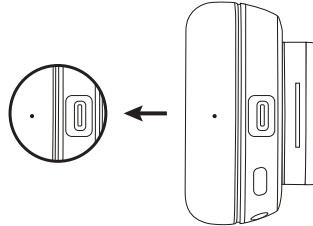

- Place the tape on the top of the ear cup first.

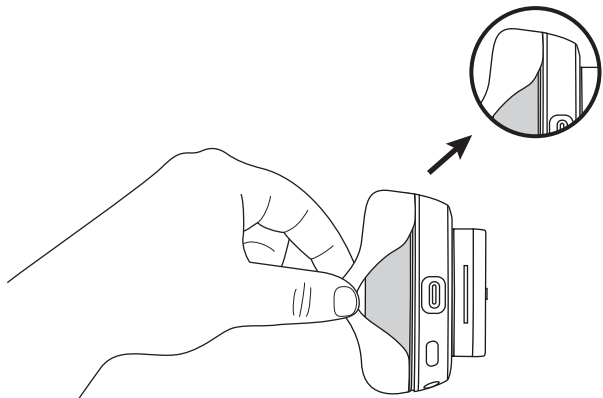

- Then attach the foam cushion to the tape.

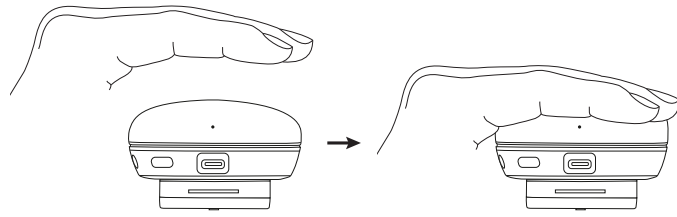

4. Grasp the new earpad cover, making sure that the small holes on the side align with the top and bottom of the ear cup. It should align with the USB C port at the bottom.

5. Starting from the top, slot the edge of the earpad cover inside the gap. Put the edge of the cover into the gap around the earcan.

6. After completing, gently pat the earcup several times to push the air out.
