## logitech

### Datasheet

# Logitech Active USB Cable

### Achieve single-cable BYOD with Logitech MeetUp 2

Logitech Active USB Cable supports DisplayPort Alt Mode, which facilitates single-cable BYOD connection from the laptop to MeetUp 2 — no need to also connect the laptop to an HDMI cable or adapter. Now employees can run video meetings in the room by simply plugging in a single cable to their laptop's USB-C port.

Supporting super fast data transfers with USB 3.1 Gen 2, this 5 meter cable is long enough to provide better flexibility in small meeting rooms.

### **Tech specs**

USB 3.1 Gen 2 USB C to USB C Supports DP Alt Mode 5 m (16.4 ft) length

### What is in the box

Cable Magnetic dock User documentation

### Compatibility MeetUp 2

### Part number

952-000195

### **Warranty Information**

2-Year Limited Hardware Warranty
